Good afternoon Ray.

We spoke at the recent meeting in Lyndhurst (01/17/2013).

If you would be so kind, I would like to get my property checked. I believe that our property is contaminated. I have three children who have recently been complaining of head aches and other issues. We were flooded with the Passaic River.

I can be reached at. Ex. 6 - Personal Privacy

Thank you and I look forward to hear from you.
